

# three groves ecovillage

**Three Groves Ecovillage** is an organization of local people seeking to build and reside in an environmentally and socially sustainable neighborhood, in partnership with nationally acclaimed green building professionals.

## Building a Green Community Together.

We have secured land within **walking distance of downtown West Grove, PA**, on the corner of 841 and State Road. Our architects and members will design the homes soon, and we are seeking new members now. Join us!

**Net-Zero Energy homes**  
solar electricity  
geothermal heating/cooling  
built with natural, durable materials  
**No Utility Bills** for heating/cooling/electricity!

**We have regular events that are open to the public so that you can find out more about our project. Check the calendar on our website or call.**

Potlucks are held monthly. Bring a dish to share and join us for dinner and a business meeting. Please let us know you are coming.

We are often found at local fairs and green events. Chat with our friendly members and get the latest news.
